twentieth

Quilt Sofa

Established & Sons

DESCRIPTION

The Bouroullec's iconic Quilt series of feature seating comes in a selection of bright, springy, high-tech stretchfabrics that give a room an intense hit of colour. For a calmer first impression, select from the sophisticated tonal mélange fabric range. Built along generous proportions, the sofa is the perfect place to curl up together on a cold winter's night. The strong, glass-fibre shell is upholstered with a honeycomb-like stitched pattern filled with individual foam inserts. These geometric components are both mathematical and decorative in design, while their soft plump fullness offer superior comfort.
