Quilt Chair

Ronan & Erwan Bouroullec

DESCRIPTION

The Bouroullec's iconic Quilt series of feature seating comes in a selection of bright, springy, high-tech stretchfabrics that give a room an intense hit of colour. For a calmer first impression, select from the sophisticated tonal mélange fabric range. Built along generous proportions, the armchair is an irresistible reading enclave. The strong, glass-fibre shell is upholstered with a honeycomb-like stitched pattern filled with individual foam inserts. These geometric components are both mathematical and decorative in design, while their soft plump fullness offer superior comfort.
