Wired Coffee Table - Glass Top

Phase Design

DESCRIPTION

Blending sloping angles and taut lengths of bent metal are a modern interpretation of the wiry idea initially conceived by Warren Platner. The series is made up of a suite of tables, side tables and benches and fitted with luxurious solid wood, glass, or upholstered tops. By choosing the upholstered top the coffee table can serve as an ottoman.

ADDITIONAL INFORMATION

FINISH

Powder coat, smoked brass, or chrome plated steel tubing base with glass top.
