twentieth

Drift Bench

Amanda Levete

DESCRIPTION

The Drift bench is a masterclass in complex curves, angles and subtracted spaces. Informed by a piece of found driftwood Amanda Levete translated her organic, highly sensual, architectural language into a condensed form. The naturally fluid lines soften angles without dissolving the defined outline associated with traditional sculptural forms.

ADDITIONAL INFORMATION

MATERIALS: Glass reinforced polyester

Notes: Artisan material and process, variations occur

FINISHES:

Satin-matte: Black RAL 9005, white RAL 9003

High-gloss: Black RAL 9005, white RAL 9003
