twentieth

Tiki

Established & Sons

DESCRIPTION

As part of her smart-thinking design practice Nao Tamura is teaching collectors to speak a new language. Designed to sit in clusters and to form a flock these delicate bird-like lamps use futuristic forms to animate and evoke character. Fittingly hi-tech, the flawless clear acrylic is robotically carved.

ADDITIONAL INFORMATION

MATERIALS
Gloss glazed ceramic, acrylic

Artisan material and process, variations occur (ceramic glazes)

FINISH
Black, metallic copper

DIMENSIONS
H 370mm × L 340mm × D 70mm, cable L 1500mm
