## Aries Pendant I.i

Bec Brittain

### DESCRIPTION

Aries was inspired by the artist Olafur Eliasson's concept and set design for the ballet *Tree of Codes*, in which dancers wore all-black suits, highlighted with LEDs. Aries creates a piece where the points of light are the focus, and the structure itself is as minimal as possible while flexible enough to create constellation-like forms that recall the night sky, with its bright and sparkling lights refracted through the glass prisms.

24 VDC LED PCB  
0-10V dimming on request 2700 Kelvin

#### INSTALLATION

Remote:

120V Dimming: C-L (Lutron) switching

240V Dimming: 0-10V hardwired

Local:

120V Dimming: C-L (Lutron) switching

240V Dimming: 0-10V wireless (Lutron Pico)

#### SUSPENSION

Metal stem in matching finish available on request. Variable suspension height.

#### WIRING

24V low voltage power through a power cable in lieu of stem available on request.

#### ELECTRICAL

Wattage: 1.4 Watt

Lumens: 168 Lumens

110 - 240 VAC

277 VAC upon request

#### CERTIFICATION

UL Certified
