# Tripp Mini Pendant

Pelle

DESCRIPTION

he Tripp lighting line combines the grounded stability of a strict geometric form with the radial energy of a spiral's expansive movement.

Crafted from minimal materials to create an ultra-sleek design, the Tripp light extrapolates a classic three-sided shape. Panels placed at angles reflect and diffuse, emanating light outwards through apertures. This dynamic architecture creates prismatic patterns that play softly across a room's surfaces.

Evoking a sense of the infinitely circling galaxy, the Tripp lighting line embodies a triangulation of strength, energy and essential form.
