Bijou Side Table

OKHA

DESCRIPTION

Solid brass has been oxidized, aged and meticulously hammered to achieve a finish that is charged with character and elegance. The nuanced brass frame is then paired with a careful selection of classic marble, ensuring that no two BIJOU tables will ever be the same.

OKHA's diverse design repertoire is keenly focused on purity of form and a high regard for noble materials, traditional artisanal and hand-crafted techniques. OKHA's creative direction and DNA is clearly stated in its bespoke, limited series works and its production furniture collection.

Each design focuses on an essential statement of line, the resonance of natural materials and the desire to gracefully hold space via a taut and articulate silhouette. The resulting works arrive at a provocative junction of contemporary design and the manifestation of a distinctly personal expression.
