twentieth

Nebulae 13- Three Hanging Chandelier

Ross Gardam

DESCRIPTION

The Nebulae Collection is inspired by the diffusion of both natural and LED light. The geometric machined forms coupled with the fluid glass discs creates a balance between the elements.

The chandelier can be composed in a variety of hanging configurations and is available in one, two, three and five hanging options with symmetrical or offset variations. The body is manufactured from machined aluminum white champagne or black anodized. Nebulae's discs are available in a textured, bubbled black glass, white pearl or a fluted clear glass, each creating a unique light dispersion.
