Armonia - Limited Edition

Established & Sons

DESCRIPTION

Objects of Desire Series by Liselotte Watkins

Following her collaborations with the doyenne of intelligent fashion Miuccia Prada and the legendary Italian porcelain workshop Bitossi, Liselotte Watkins has partnered with Established & Sons for the first time to create a considered collection to be exhibited at Nomad.

Combining her expressive linework, bold colors and feminine forms with vintage Italian ceramics, the pieces are unrepeatable and representative of the beginning of a new era of limited edition collaborations between the brand and artists and designers.
