twentieth

Ceto Offset Wall Light

Ross Gardam

DESCRIPTION

Ceto captures the variation and rippling of the surface of the ocean. Each piece reflects a unique pattern, emitting a delicate luminosity, highlighting the presence of the sea. This sculptural luminaire is available in a selection of mouth-blown glass finishes combined with a highly refined machined aluminium body available in a black and champagne anodized finish.

The Ceto Wall Light reflects the shadows of the glass against the wall, replicating the natural flow and movement of water.
