## Half-Round Sconce

Scott Daniel Design

### DESCRIPTION

The Sconce Wall Light by Scott Daniel Design. A simple form with a subtle twist, the hallway classic just got a lot more interesting. Using half inch mesh layered over one by two inch mesh, which never align perfectly, the pattern of holes and light changes from one side to the other; and no two patterns are the same.

Clay, Metal

#### DIMENSIONS

H 20" x W 9" x D 6"

#### FINISHES

Clay

Warm White Satin

Additional finishes available upon request

Metal

White Powder Coated (backplate)

#### LIGHTING

E-26 medium base double porcelain socket

x2 40W Clear T10 (Bulbrite) bulbs included

#### PROCESS

Inspired by the concept of Alchemy – combining basic elements to create something of great value - Cmesh was developed through an experimental artistic process. Clay and metal, normally incompatible materials, were combined in numerous ways and tested extensively until the process was developed and refined.
