twentieth

Half-Round Sconce

Scott Daniel Design

DESCRIPTION

The Sconce Wall Light by Scott Daniel Design. A simple form with a subtle twist, the hallway classic just got a lot more interesting. Using half inch mesh layered over one by two inch mesh, which never align perfectly, the pattern of holes and light changes from one side to the other; and no two patterns are the same.

ADDITIONAL INFORMATION

MATERIALS
Clay, Metal

DIMENSIONS
9”W x 20”H x 6”D each
Dimension variations occur naturally, +/- 1”
Custom sizes available.
*Made to order unless otherwise noted.

FINISHES
Warm White Translucent Glaze
A selection of available glaze options is shown above. Glazes shown are representative. Color and finish may vary depending on the form and scale of each piece. Specific finishes can be sampled upon request.

PROCESS
Inspired by the concept of Alchemy – combining basic elements to create something of great value - Cmesh

was developed through an experimental artistic process. Clay and metal, normally incompatible materials, were combined in numerous ways and tested extensively until the process was developed and refined.
