Chaiselounge li

VAUST

DESCRIPTION

Merging Berlin's brutalist architecture and our fascination for Neo Art Deco and Modernism with our craving for rich materials and composition, we designed the Chaiselounge II exclusively for Twentieth. Reverence for California's Light and Space Movement is expressed with the transformation of the dark supporting element into a transparent acrylic glass. Additionally, a resized marble slab inlay offers an integrated side table enhancing the form as well as the function.
