twentieth

Drum Table

Scott Daniel Design

DESCRIPTION

A simple form with inherent variation from the material process. The thickness of the clay and hole pattern will vary slightly for each piece.

ADDITIONAL INFORMATION

MATERIALS
Clay, Metal

DIMENSIONS
17”Dia x 23”H
*Made to order unless otherwise noted.
Custom sizes available.
1/2” mesh wrapped over 1” x 2” mesh
Dimension variations occur naturally, +/- 1”
Variations occur naturally, no two pieces are identical.
Custom options include: size, more or less open holes, buildup of clay, and patterns from layered mesh.

FINISHES
Sand Clay body w/ Warm White glaze
A selection of available glaze options is shown above. Glazes shown are representative. Color and finish may vary depending on the form and scale of each piece. Specific finishes can be sampled upon request.

PROCESS
Inspired by the concept of Alchemy – combining basic elements to create something of great value - Cmesh was developed through an experimental artistic process. Clay and metal, normally incompatible materials,

were combined in numerous ways and tested extensively until the process was developed and refined.
