twentieth

Curiosity Cabinet

Christopher Boots

DESCRIPTION

Encrusted in lapis lazuli, the hard exterior creates saturated patterns of colour, interspersed with cast bronze handles, industrial diamonds, cast bronze discs, naturally occurring cubic pyrite and disc pyrite, sitting on four pyrite spheres.

Each precious mineral is meticulously considered before being hand placed, like swirling brush strokes of a Secessionist painting, creating a sarcophagus for spirits.

ADDITIONAL INFORMATION

MATERIALS
Mineral, Wood

FINISH
Oak, Cast Bronze, Brass, Lapis Lazuli, Quartz, Pyrite, Bornite, Diamonds, Glass

DIMENSIONS

38.2 x 55.1 x 19.6 ”

LAMPING
24V LED WW 2700K

VOLTAGE
224V DC; 113 Watts
