Seed Double Pendant

Bec Brittain

DESCRIPTION

Seed takes its name from seed crystals—the microscopic structures that catalyze the formation of larger crystalline systems. I was drawn to this concept as a way to explore nature not through the expected lens of the organic or living, but through the mineral and structural. Seed asks what it means to be a natural form when that form is not soft, fluid, or biological, but geometric, ordered, and crystalline.

ADDITIONAL INFORMATION

MATERIALS

Finished Brass, Glass

FINISH

Brushed Brass, Oil Rubbed Bronze, Satin Nickel, Nickel Brass Contrast

Special Order (+10%): Polished Brass, Medium Antique Brass, Polished Nickel, Dark Pewter, Polished Black Nickel, Polished Copper, Smoky Copper
