twentieth

Medusa Wall Lamp

Established & Sons

DESCRIPTION

Born from the poetic experimentation of Italian Modernism, this glass masterpiece echoes the sinuous forms of the jellyfish from which it takes its name.

Multi-layered, mouth-blown opaline glass diffusers honor the mastery of the Murano tradition while translating Nason’s expressive language into a contemporary context. Available in suspension, table and wall versions.

ADDITIONAL INFORMATION

DIMENSIONS
Small: Ø8.85" x H 9.3"
Cable: 13.4""

MATERIALS
Lampshade: Opaline glass, Anodized aluminum
Pendant lamp fixture: Metal, Flame retardant polycarbonate
Wall lamp fixture: Metal
