twentieth

Piedmont Pedestal Extension Table

Skram

DESCRIPTION

The extension variant of the piedmont pedestal table features solid timber construction and a ‘boat’ shaped top with arcing edges and radiused corners. Non-standard top shapes include racetrack or rounder rectangle. Grain direction is parallel to seams. Standard edge profile is reverse bullnose. Pedestal bases are formed steel or bronze with timber detailing to match and adjustable leveler feet.

All standard timber and metal finishes available. Standard sizing offers seating for 8-10 people closed and 10-12 opened (depending on seating selection). Motion via Poettker heavy-duty synchronized extension hardware, fully clad in timber to match material selection. Leaf storage is integral (within table). This product is customizable in material, scale, and configuration.
