

Noctiluca

Ross Gardam

DESCRIPTION

Summoning the presence of the otherworldly, drawn from the deep, Noctiluca's ethereal form transcends the everyday. Floating, suspended parallel to the wall or horizontally to the floor, thirty-two Ceto lamps adorn the band in a mesmerizing motif. Intrinsically formed in each individual lamp is the current of the ocean, together they flow and revolve around Noctiluca's skeleton forming an endless undulating spiral.

Each glass shade is mouth blown in Australia and hand assembled in our Melbourne based studio. The Noctiluca is available in either a vertical or horizontal hanging, editioned in either black or textured clear glass with a hand finished and black anodised or waxed finish.

ADDITIONAL INFORMATION

MATERIALS

Mouth blown glass and machine anodized aluminum

DIMENSIONS

L 44.69" W 13" H 44.69"
