twentieth

Shy 01

Bec Brittain

DESCRIPTION

SHY creates a form with lines of light; thin LED tubes, with their spare beauty, define the edges of its shape. Thus, the function of the piece and its form are inseparable, and the ethereal quality of the LEDs is balanced by the warmth of brass. SHY's modular hardware lends itself to a myriad of configurations, both standard, and custom, producing new shapes according to what a space demands.
