Prometheus I+Ii

Christopher Boots

DESCRIPTION

Prometheus stole fire from the Gods of Mt Olympus and gave it to humankind.

More than the means for survival- light and technology, Prometheus' gift represented creative potential.

The spark of creation, previously limited to the Gods, gave mortals the power to dream, create, imagine and challenge.

PROMETHEUS I is an ascending blaze of crystal quartz, venerating its namesake in a ring of flame, embodying the Christopher Boots rough-luxe aesthetic and is considered a contemporary classic.

PROMETHEUS II hangs natural quartz crystals downwards like Swords of Damocles, simultaneously displaying signature aesthetics of object, light and form.
