twentieth

Lighthouse

Established & Sons

DESCRIPTION

An elegant equation of modern and traditional craftsmanship, the Lighthouse balances a Venetian mouth blown glass shade on an industrially engineered aluminium arm, weighted by a marble column. Ronan and Erwan Bouroullec cleverly draw our attention to the precariousness of the equilibrium while providing a sturdy, sculptural, voluptuous and enchanting light.

Impressive and an instant success the Lighthouse now stands in prestigious museum collections and has the potential to become a prized heirloom, handed down to the next generation of collectors.

ADDITIONAL INFORMATION

MATERIALS
Hand blown glass, anodised aluminium, marble

FINISH
Glass: Amber, Grey
Marble: Matte Carrara White Marble, Matte Marquina Black Marble, Matte Dark Emperador Marble

DIMENSIONS
H695mm, shade Ø370mm × H465mm, base Ø100mm, cable L2250mm, 10.3kg

LAMPING
G9, 1× max 75W, 220⁄240V, braided fabric cable, integrated dimmable on⁄off switch
