## Wired Coffee Table - Glass Top

Phase Design

### DESCRIPTION

Blending sloping angles and taut lengths of bent metal are a modern interpretation of the wiry idea initially conceived by Warren Platner. The series is made up of a suite of tables, side tables and benches and fitted with luxurious solid wood, glass, or upholstered tops. By choosing the upholstered top the coffee table can serve as an ottoman.

### ADDITIONAL INFORMATION

#### FINISH

Powder coat, smoked brass, or chrome plated steel tubing base with glass top.
