Bang Floor / Table Lamp

Stickbulb

DESCRIPTION

Inspired by the dynamic shapes of exploding fireworks and reminiscent of abstract trees, the Bang Series rides the line between timeless minimalism and playful whimsy. The Big Bang Floor Lamp stands at an impressive 9 feet in height. The wooden component is offered in sustainably sourced maple or walnut, reclaimed heart pine, ebonized oak, or reclaimed water tower redwood.

The metal base is available in powder coated white, slate grey or matte black, hand blackened steel, polished nickel or brass, or brushed nickel or brass. The lamp is supplied with an eight foot cord, soft-touch three-stage dimmer and a detachable adapter. Small metal feet are optional but included with the lamp for projects that require UL listing.
