X Table

Stickbulb

DESCRIPTION

The X Collection transcends the line between lighting and furniture. It includes illuminated pieces that can function as tables, chandeliers, or pendant fixtures. Whereas previous Stickbulb lamps have relied on cantilevered bulbs to make different linear silhouettes, X Collection designs create graphic and structurally closed shapes inspired by hexagonal and tetrahedral forms in nature.

The Light Table is a single octagonal closed shape with Bronzed Glass top. Bulbs are available in 2ft length standard. The wooden component is offered in sustainably sourced maple or walnut, reclaimed heart pine, ebonized oak, or reclaimed water tower redwood and the hardware finish is polished cast brass. The Light Table is supplied with an eight foot cord, soft-touch three-stage dimmer and a detachable adapter.
