twentieth

Aries V.i

Bec Brittain

DESCRIPTION

Aries was inspired by the artist Olafur Eliasson’s concept and set design for the ballet Tree of Codes, in which dancers wore all-black suits, highlighted with LEDs. Aries creates a piece where the points of light are the focus, and the structure itself is as minimal as possible while flexible enough to create constellation-like forms that recall the night sky, with its bright and sparkling lights refracted through the glass prisms.

CATALOG

ADDITIONAL INFORMATION

MATERIALS
Finished Aluminum, Clear Glass Prism

FINISH
Brushed Brass, Satin Nickel, Polished Nickel, Dark Pewter, Bronze

DIMENSIONS
28" x 13" x 10" H / 71cm x 13cm x 10cm H

WEIGHT
4 lb / 1.8 kg

LAMPING
24 VDC LED PCB
0-10V dimming on request 2700 Kelvin

INSTALLATION
Remote:
120V Dimming: C·L (Lutron) switching
240V Dimming: 0-10V hardwired
Local:
120V Dimming: C·L (Lutron) switching
240V Dimming: 0-10V wireless (Lutron Pico)

SUSPENSION
Aircraft cable to ceiling-mounted adjustable fasteners. One power/suspension cable to the electrical connection. Variable suspension height.

WIRING
24V low voltage power through a power cable in lieu of stem available on request.

ELECTRICAL
Wattage: 12.6 Watt
Lumens: 1512 Lumens
110 - 240 VAC
277 VAC upon request

CERITIFCATION
UL Certified
