

# twentieth

## Aries Xi.i

Bec Brittain

### DESCRIPTION

Aries was inspired by the artist Olafur Eliasson's concept and set design for the ballet *Tree of Codes*, in which dancers wore all-black suits, highlighted with LEDs. Aries creates a piece where the points of light are the focus, and the structure itself is as minimal as possible while flexible enough to create constellation-like forms that recall the night sky, with its bright and sparkling lights refracted through the glass prisms.

## ADDITIONAL INFORMATION

### MATERIALS

Finished Aluminum, Clear Glass Prism

### FINISH

Brushed Brass, Satin Nickel, Polished Nickel, Dark Pewter, Bronze

### DIMENSIONS

68" x 31" x 15" H / 173cm x 79cm x 38cm H

### WEIGHT

8.5 lb / 3.9 kg

### LAMPING

24 VDC LED PCB

0-10V dimming

2700 Kelvin

110 - 240 VAC input voltage

### SUSPENSION

Aircraft cable to ceiling-mounted adjustable fasteners. One power/suspension cable to the electrical connection. Variable suspension height.

### INSTALLATION

Remote:

120V Dimming: C-L (Lutron) switching

240V Dimming: 0-10V hardwired

Local:

120V Dimming: C-L (Lutron) switching

240V Dimming: 0-10V wireless (Lutron Pico)

### WIRING

24V low voltage power through a power cable in lieu of stem available on request.

### ELECTRICAL

Wattage: 1.4 Watt

Lumens: 168 Lumens

110 - 240 VAC

277 VAC upon request
