## S Chair

Tom Dixon

### DESCRIPTION

Developed in Tom Dixon's London workshop in the 1980s, the S Chair has been re-engineered, with the original three-dimensional form now molded in an industrial hard/soft foam. The instantly recognizable serpentine curves are now more comfortable and ergonomic, with a steering-wheel inspired cast iron base.

### ADDITIONAL INFORMATION

#### DIMENSIONS

20" W x 24" D x 40" H
