Ora Desk Lamp

Ross Gardam

DESCRIPTION

The Ora desk lamp is the result of a desire for purity and honesty in both materials and manufacturing. Previously only released as a number of limited editions, the Ora Desk Lamp has been re-engineered for further production with a slimmer base, a softer rotational movement, and new finishes.

Completely precision-milled from aluminum and available in either brushed anodized black or white champagne, the Ora Desk Lamp features an adjustable shade thanks to a clever magnetic joint. This allows the user to interact with a shade that can fully orbit in 360° and tilt-adjust in numerous positions.
