Valse Au Cr?puscule Chandelier

Larose Guyon

DESCRIPTION

Defiant yet discreet, this artwork with its subtle idiosyncrasies alludes to the sensuous shapes of nature yet embraces the sharp opulence of jewelry. Part of a limited-edition collection of 16 unique pieces, each striking installation boasts hundreds of brass fiber leaves hanging from a handwoven net of golden chains, warmly lit by translucent hand-blown glass fruitage and 24K goldplated adornments. Expert artisans work meticulously and minutely for more than 120 hours on each piece. Handcrafted from precious materials and hand-assembled with great care and precision, each sculptural work is fitted with a light featuring a warm candle-like kelvin degree.
