Place Modular Lounge

Ross Gardam

DESCRIPTION

Place offers the most functional, modular platform to connect, experience and create. At the heart of the collection is the desire to bring people together. Place Lounge features the unique ability to connect modules by dropping and zipping them together. The simple connecting system allows any module to connect to form a wide variety of configurations, and then easily disconnect to reconfigure as space requirements evolve.

The Place Lounge's distinctly detailed set of modular configurations are designed to complement any given space, enabling a creative environment which is smart, agile and intuitive.

Also available as curved units.
