Float 2.0 Pendant

SkLO

DESCRIPTION

Large spheres of handblown Czech glass suspended on rigid brass stems. Two glass sizes available. A custom brass socket assembly through one side holds the light bulb and is connected to the canopy at the ceiling with a length of exposed fabric-wrapped electrical cord. Each glass sphere is blown by hand without the use of moulds, and so is slightly imperfect in shape. Two brass thumb screws attach the removable bulb-and-socket from the side of the glass.

Made in the Czech Republic
