M?ne Table Lamp

Ross Gardam

DESCRIPTION

Me?ne celebrates our sense of awe with the celestial. The objects appear like a lunar apparition, delicately floating in mid-air. Crafted with mouth blown glass, the collection reveals the individual and unique texture of subtly illuminated glass.

Me?ne's rippled form is the result of the studio's continual experimentations with traditional optic glass blowing techniques and innovative engineering. The result is a one of a kind glass texture within every luminaire produced.
