

twentieth

Aries Sconce I.i

Bec Brittain

DESCRIPTION

Aries was inspired by the artist Olafur Eliasson's concept and set design for the ballet Tree of Codes, in which dancers wore all-black suits, highlighted with LEDs. Aries creates a piece where the points of light are the focus, and the structure itself is as minimal as possible while flexible enough to create constellation-like forms that recall the night sky, with its bright and sparkling lights refracted through the glass prisms.

CATALOG

ADDITIONAL INFORMATION

MATERIALS

Finished Aluminum, Clear Glass Prism

FINISH

Brushed Brass, Satin Nickel, Polished Nickel, Dark Pewter, Bronze

DIMENSIONS

3.25 inch x 3.3 inch x 11 inch H

LAMPING

24 VDC LED PCB; 0-10V dimming

ELECTRICAL

Wattage: 2.8; Lumens: 336; 110 - 240 VAC; 277 VAC upon request

INSTALLATION

Remote: Backplate mounts directly to standard US single gang box

Local: Upon request Backplate: 3 x 11 inch in matching metal finish

CERTIFICATION

UL Certified
