Phaedra Chandelier 41

Bec Brittain

DESCRIPTION

The Phaedra lighting collection is an exploration of form and light, where oval shapes intertwine to form a mesmerizing armature that cradles linear lights. At the heart of each luminaire, a captivating display of triangular prisms takes center stage, meticulously arranged along the length of the light. The design is inspired by the beauty of fresnel prisms but deconstructed into distinct elements, creating a contemporary and captivating aesthetic. Phaedra marries elegance with innovation.
