Castle Sconce 01

Roll & Hill

DESCRIPTION

While the shape of these pieces occasionally resemble the turrets of a castle, the name actually comes from the game of chess. The rook can jump any distance, yet it is restricted to moving orthogonally. Likewise, the glass in Castle extends to different lengths, but is always horizontal or vertical.

ADDITIONAL INFORMATION

MATERIALS

Machined Aluminum, Glass

DIMENSIONS

H 21.7in x W 4.5in x D 3.9in

FINISH

Black, bronze, brushed brass

GLASS

Clear, cream, smoke

LAMPING

120/240V:

Integrated LED

Wattage: 10W

Lumens: 250 Lumens

Color Temperature: 2700K, 90+ CRI

LED Lifetime: 50,000 Hours est.
