

AERIS

TABLE LAMP

Inspired by the ethereal beauty of clouds, Aeris embodies softness and lightness through the repetition of sculptural forms, crafting an ethereal centerpiece. Each mouth blown glass cloud is paired with architecturally crafted brass bars that cross and lightly kiss together, evoking a sense of weightlessness—as if suspended in air.

The duality of the brass structural element defines each piece, with dual vertical drops playfully interacting with horizontal crossings, creating a unity to the entire fixture.

AVAILABLE FINISHES
