

SILHOUETTE

PENDANT

Silhouette's reductive fluted form is inspired by the archtype of a torch, where the materiality defines the luminance. The Silhouette Pendant offers flexibility in function and materiality. The gently fluted shade is available in glass or aluminium, designed to be used individually or in clusters, in both residential and contract settings.

Each glass light is mouth blown in Australia and has a natural variation which is only present in mouth blown glass. To create a chandelier, simply choose the number in your hanging and then select the colour mix.
