MARBLE, STONE, GRANITE - Each slab of these natural materials vary in colour, tone, movement and veining; we find these variances an inherent and valuable part of the natural beauty of stone, no two pieces are the same making each OKHA design a unique, characterful piece and that each product will be different from the next. We choose materials individually, taking full advantage of their natural imperfections and individual qualities

TIMBER - Different textures, grains, colouration and densities are all natural characteristics of timbers. We find these variances an inherent and valuable part of the natural beauty of wood, no two pieces are the same making each OKHA design a unique, characterful piece and each product will be different from the next. Timber movement will also occur as this is a natural product.
